### **(Verse)**

Lord you reign on high in blazing clouds of glory

Your face burns brighter than the sun

You scattered galaxies out into the darkness

With just the power of your word

Nations will tremble at your appearing

And every knee will one day bow

### **(Chorus)**

Grace so amazing, that I am called a child of God

Grace so amazing, that Heaven's King lives in my heart

A beautiful love, a beautiful love, You have given unto us

A beautiful love, a beautiful love, a beautiful love
